Advanced CSS

Today's Goals

By the end of today's class you should be able to:

01   Explain why you would use a CSS reset.

02   Use typographical CSS properties, like font-family and line-height.

03   Add pseudo-classes and pseudo-elements to HTML elements.

04   Explain the default styles that browsers apply to form elements.

# CSS To Improve
User Experience

Instructor Demonstration

CSS Resets

Your turn - CSS Resets

Follow the instructions in the Readme.md file of folder:
12-Stu_CSS-Resets

Suggested Time:

15 minutes

Instructor Demonstration
